THE VERSATILE MILLSTONE WORKHORSE OF EARLY INDUSTRY

Author Jon Sass discusses the uses of millstones over the centuries using text, photographs and drawings. 80 pages. \$12.00 ea.²

FITZ WATERWHEEL BULLETIN #70

A 1928 catalog describing company products and a description of their virtues over turbines; provides specifications, running speeds, and general machinery descriptions, 84 pages. \$10.00 ea.²

FITZ WATERWHEEL BULLETIN #100

Companion to Fitz Bulletin #70, but describes Fitz-made turbines, and impulse wheel; oriented to small hydroelectric producers, 84 pages. \$10.00 ea.²

NORDYKE MARMON CATALOG #48

A reprint of one of this company's best, early catalogs. 164 pages. Excellent reference. \$11.00 ea.²

THE LEFFEL WATERWHEEL

A rare 1883 handbook of 163 pages prepared by The James Leffel Co. of Springfield, Ohio, that contains power tables and turbine specifications; provides locations of 10,000 mills throughout the world with Leffel turbines. \$11.00 ea.²

PRACTICAL MILLING

This is a reprint of B.W. Dedrick's 1924 book detailing all aspects of milling; 576 pages, hardcover. Best overall American reference book. \$41.25 ea.²

THE ABORTION OF THE YOUNG STEAM ENGINEER'S GUIDE

A little known Oliver Evans book on steam engine power; a very rare book. \$24.75 ea.²

THE BOOK OF WRINKLES

A collection of handy labor saving devices from the American Miller Magazine for millers and millwrights; 136 pages. \$14.85 ea.²

A MILLWRIGHT'S JOURNAL

The daily activities of Pennsylvania millwright Leslie Houseknecht from 1894-1895. \$20.00 ea.²

WATERWHEELS

A reprint of ITC's 1907 book on waterwheels. 128 pages, illustrated; soft cover. \$13.00 ea.²

MILLSTONE STUDIES: PAPERS ON THEIR MANUFACTURE, EVOLUTION, & MAINTENANCE, SP1.

Donald B. Ball and Charles D. Hockensmith provide a comprehensive study of millstone manufacturers, along with historical data and patent information, 223 pages with diagrams, \$25.00

SPOOM RESEARCH – POWER TRAIN STUDY

By Clark Mann. This report is the culmination of a SPOOM research project and based upon a sampling that represents the old mill population. Approx. 282 pages with historical information, detailed power train drawings, and other illustrations. \$22.00

MIDGET MARVEL BOOK SET

A SPOOM reprint. Consists of two books, *Milling with the Midget Marvel Flour Mill* and *The Story of a Wonderful Flour Mill*. The first provides basic non-technical instructions for the operation and maintenance of the Midget Marvel Mill. The second book tells the history of the Midget Marvel Mill and provides testimonials regarding its use in revolutionizing the milling industry. \$13.00 per set.²

GRIST AND FLOUR MILLS IN ONTARIO

Do not be misled by the title of this book by Felicity L. Leung which describes the milling process in layman's terms. Illustrated; soft cover; 284 pages. \$33.00 ea.²

LEFFEL'S CONSTRUCTION OF MILL DAMS AND BOOKWALTER'S MILLWRIGHT & MECHANIC

A SPOOM reprint of an original 1881 publication. The book provides accurate descriptions and is written without the technical and abstract terms which made it understandable by every owner or user of water power. \$13.00²

MILLSTONE MANUFACTURE IN VIRGINIA

Charles D. Hockensmith provides a look into the millstone industry through the eyes of two men who actually made millstones in southwestern Virginia. \$14.00 ea.²

FOR MILLERS IN THE MAKING

Edited by Edgar S. Miller. A SPOOM reprint of a 1936 text. A collection of articles prepared by the Milling Production Department that originally appeared in *The Northwestern Miller*. \$11.00²

SPOOM INTERPRETERS TRAINING MANUAL, PART I

A guideline for preparing a training manual for docents who are responsible for interpreting a mill that is open to the public. Available on the SPOOM website (free)
